COMING HOT TIMES

Expected at the Next Meeting of Mason Fiscal Court

A rumor is floating around that there will be fun galore at the spring meeting of the Fiscal Court.

The office to be fought for is the position of Superintendent of Turnpikes and Roads, to which a comfortable salary is attached.

There are several candidates in the West End of the county and an equal number in the Eastern part who will contest for the rich and juciy plum.

The East End people claim there is a ban on and that when she cackles it will create consternation in the camp of the would-be-wise ones.

It has been stated that in the final wind up the two leading candidates will have an equal divide of the Magistrates and that it will require the vote of the presiding officer to cut the Gordian knot and decide the contest.

If the facts are as above stated there will be caterwauling, if not something more strenuous.

OLD AGE.

Not a Time of Life, or Length of Years, but a Condition of Bodily Tissues.

said a celebrated physician, and just so long as the bodily tissues can be kept from wasting and built up, just so long can old age be kept at bay, and people will be alert, alive, active and young.

Our well known druggist, Mr. John C. Pecor, says: "Our cod liver oil preparation, Vinol, is the greatest tissue builder and invigorator in the world for old people. There is nothing else known to medicine that can equal it, because Vinol contains in a concentrated form all of the body-building, life-giving principles of cod liver oil actually taken from fresh cod's livers, and is not a stimulant which produces bad after effects. We have letter upon letter from grateful old people whom Vinol has strengthened and blessed with robust health. Vinol invigorates the stomach first of all, enabling it to separate from the food the elements needed for rich red blood, healthy body material and sound, steady nerves. In this way it repairs worn tissues, checks the natural decline and replaces weakness with strength."

Mr. A. J. Barker of Evansville, Indiana, says there is no other medicine in the world equal to Vinol for old people. He would not take a thousand dollars for the good it has done him.

The grand-niece of Alexander Hamilton, Mrs. Sarah J. Windron, says: Vinol is a godsend to old people. She is seventy-six years old, and is active and well, thanks to the vitalizing effects of Vinol.

We wish every man or woman in Maysville who "feels old," whether they are so in years, or not, would try Vinol on our guarantee to return their money if they are not satisfied after using it.

John C. PECOR, Druggist.

WHOLESALE INDICTMENTS

Two Hundred True Bills Returned Against Standard Oil Company

The Harrison County Grand Jury, which has been in session at Cynthiana for more than a week, Wednesday returned 200 indictments against the Standard Oil Company, which is charged "with retailing from a wagon without a license." The fine in each case varies from \$50 to \$1,000.

The lowest possible penalties would reach \$10,000.

The indictments were made after one recently passed on by Judge O'Rear of the Court of Appeals, which held the Standard Oil Company liable for license in an Oldham county case.

President Burris A. Jenkins of Kentucky University, Lexington, will shortly deliver a sermon before the University of Pennsylvania students and a lecture before the Columbia University in New York on "Education." Tuesday night he will make the address of the evening at a meeting of the Deciples Union in New York, a union of the Christian Churches all over the country.

There is but little, if any, improvement in the condition of Mrs. Kate Ballock, who is so seriously ill at the home of her daughter, Mrs. S. R. Brooks of East Second street.

THOSE farmers who have expelled so much wind bemoaning the low prices of tobacco, might find it profitable to put in a crop of beans.

THE news comes from New York that a couple in that city have been married fifty-one years and never a cross word passed between them. They must be nuties.

IF Field Marshal OYAMA could only catch up with General KUROPATKIN, he might ascertain when the latter intends to dictate terms of peace from Tokio.

It is announced that Secretary SHAW will retire from the Treasury next February. Sorry, Mr. President, that I can't accept the place; but will be too busy boozing Maysville to waste any time printing money.

REMARKING on the late General JOHN H. REAGAN, a writer says—"At the time of his death he was engaged in writing an autobiography of himself." Mr. REAGAN was a remarkable man, yet it is hardly possible that he wrote "autobiographies" for other people.

PRESIDENT ROOSEVELT has sent to the Senate the nomination of the Negro CHARLES W. ANDERSON to be Collector of Internal Revenue for the Second District of New York. The New York Senators have agreed to the appointment and will not oppose confirmation.

ISN'T it funny that the average farmer will higgle over the price of a suit of clothes or a few yards of drygoods, and yet complacently pay the most exorbitant taxes to the county and state without getting a single thing in return? Within the past twenty-five years Mason county has built a new jail and gotten free turnpikes—but what else?

AN engineer declares that 50,000 people now do the work with the aid of machinery which needed 16,000,000 persons to do a few years ago. Very likely; but without the machinery, how would it be possible to provide so bonitfully for the comfort of our 80,000,000 people? And look at the millions of skilled mechanics who engage in the manufacture of this machinery.

THE press of the East is loud in its condemnation of the recent trial and conviction of Mr. RICHARD W. KNOTT, which is pronounced a travesty on justice.

The Washington Post, one of the most important and influential journals in the country, says that this litigation vitally concerns the press of the whole state of Kentucky, because the issue involved is the liberty of the press. After setting forth a history of the case The Post continues:

"On the trial of the case, the prosecuting witness, SHARKEY, himself admitted that he suffered gambling at the resort, but a verdict of guilty of libel was returned against the newspaper and its Editor, and a fine of \$500 was assessed against them. The prosecution strove to make a political issue of the charge, and measurably succeeded. Mr. KNOTT is not in accord with the party in power in Louisville, and his crusade for enforcement of the law has cost him and his newspaper \$500. If that be the proper construction of the law of criminal libel, if it be an offense punishable by the law for a newspaper to warn the public against gambling establishments and evil resorts, then the Louisville press is in a bad way. Mr. KNOTT may take comfort, however, in the knowledge that wrong never yet gained a real victory, and right never yet lost a decisive battle."

FREE CORN FOR SEED.

On Monday, April 3d, 1905, County Court Day, I will give to the farmers of Kentucky and Ohio, whose farms are located outside of Maysville, ten ears of seed corn, a part of the corn that was exhibited at the Tobacco Fair, February 22d, 1905. In order to get this corn it will be necessary for you to cut this advertisement out, and write your name and address in the blank space below arranged for that purpose, bring to my office, No. 215 Court street, any time after nine o'clock of that day. Those who come first will be sure to be accommodated. This is said to be the finest lot of corn ever exhibited. Don't ask for more than ten ears because you will be refused. This is sufficient to give you a fine start for seed corn next year. Remember, you can get either white or yellow as long as the supply lasts. No conditions are imposed upon you, but every farmer is requested to make preparation for an exhibit of corn, wheat, potatoes and tobacco at the Fair which will be held next February.

You people who have been buying river coal all winter, have you noticed your pile lately? It's going down mighty fast, isn't it? Well, now, that is caused by the ice in it melting. The cattle industry, at one time one of the

principal ones of Cuba, is today making rapid progress toward regaining its former prominence, and figures largely in the amount of im-

portations into Cuba. The development of the dairy industry in the

United States is scarcely realized by business men. In 1898 the butter haul over the Minneapolis and St. Louis Railroad was 400,000 pounds. Last year it was nearly 14,000,000.

Backache, "The Blues"

Both Symptoms of Organic Derangement in Women—Thousands of Sufferers Find Relief.

How often do we hear women say: "It seems as though my back would break."

"Or don't speak to me. I am all out of strength!" These significant remarks prove that the system requires attention.

Backache and "the blues" are direct symptoms of an inward trouble which will sooner or later declare itself. It may be caused by diseased kidneys or some uterine derangement.

Nature requires assistance and at once, and Lydia E. Pinkham's Vegetable Compound instantly asserts its curative powers in all those peculiar ailments of women. It has been the standby of intelligent American women for twenty years, and the ablest specialists agree that it is the most universally successful remedy for woman's ills known to medicine.

The following letters from Mrs. Holmes and Mrs. Cately are among the many thousands which Mrs. Pinkham has received this year from those whom she has relieved.

Surely such testimony is convincing. Mrs. J. G. Holmes, of Larimore, North Dakota, writes:

Dear Mrs. Pinkham:—

"If I tell my duty to tell all suffering women of the relief I have found in Lydia E. Pinkham's Vegetable Compound. When I commenced taking the Compound I suffered everything with backaches, headaches, menstrual and ovarian troubles. I am completely cured and enjoy the best of health, and I owe it all to you."

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other medicine in the world has received such widespread and unquestioned endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any substitute.

FREE ADVICE TO WOMEN.

Remember, every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass., her advice is free and cheerfully given to every ailing woman who asks for it. Her advice and medicine have restored to health more than one hundred thousand women.

The Rev. T. DeWitt Talmage says—
"A newspaper whose columns are filled with the advertisements of basal news men has more influence in attracting attention to and building up a city than any other agency that can be employed. People go where there is business. Capital and labor will locate where there is enterprise. A newspaper well patronized, and this power should be appreciated."
